Stonelux is a professional product to repair Quartz and Natural Stone surfaces.
Its main benefits are:

- Fast repairs in a single appointment
- High surface quality and durable lustre
- Perfect optical integration into natural stone and **Silestone®**
- Colour stability, non-yellowing
- No mechanical damage to neighbouring surfaces

Given the properties mentioned above, Cosentino S.A. as a manufacturer recommends *Stonelux* to professionals to repair our products **Scalea®** and **Silestone®**.

Yours Sincerely,

Eduardo Martínez-Cosentino Alfonso
Cosentino Sales Director
